DOMING

GIVE YOUR USB A LUXURIOUS APPEARANCE

Many of our products can be personalized with a so called doming. A unique combination of a sharp full-color print and transparent PU-layer (polyurethane) upgrades the product to a different level.

PACKAGING

Branding does not stop at promotion! The way your customers perceive your brand identity is formed by how they experience - how they see and feel - your product and its packaging. It is about the small details! Eventually, the small details draw attention from your clients to your products. Therefore, the product packaging is of great importance if you want to stand out.
